Title	West Pier and Sloop Public Conveniences: Installation of Contactless Payment System St Ives, Cornwall		
Deadline for Clarifications	23.06.22		
Reference	Clarification	Town Council response	Response Date
PCC1	I have a question on The Works Speciation 7.04 Doors Will the tender require a cost for the removal and replacement of the existing entry doors to the Mal -Female toilets at the following locations West Pier – The Sloop	This depends on specification of equipment and extent of works. If the existing doors can be made good this will not be necessary. Alternatively, you can specify the doors and exclude the cost from you quote if you wish the Council's in house team to install.	20.06.22
