

Walking & Cycling in St Ives

Better cycling

facilities to improve cycling

we have suggested some new cycle tracks and lanes within the town to provide a well connected network to easily get into and out of the town from our neighbourhoods and to our schools by cycle. We have concentrated on the difficult to cycle routes.

what do you think?

facilities to improve cycling - parish

we have put forward these cycle improvement possibilities across the wider parish including cycle track along the main road from Lelant to St Ives. A quieter route over the ridgetop over Steeple Lane and Laity Lane to St Erth would complement the seaside Bay2Bay proposed route and complete the parish network.

- new parallel pedestrian and cycle crossing with traffic
- pedal logistics node or hub
- Bay2Bay multi-use trail (by others)
- cycle track
- cycle track on Bay2Bay trail
- cycle lane (painted on highway)
- Quiet Lane/ traffic calmed road
- Quiet Lane on Bay2Bay trail
- key one way street with contraflow for cycles
- potential new cycle track - subject to landowner agreement
- other cycle parking facilities
